

Gas Siphoning

Residents are encouraged to use locking gas caps for their vehicles—if not factory equipped. These can be purchased at a relatively low cost from any automotive supply store.

Aside from using locking gas caps, prevention measures could include parking your vehicle in a garage whenever possible, or making sure there is ample light where your vehicle is parked.

If you see any activity that looks suspicious, please call the Sheriff's Department immediately.

For crimes in progress call 9-1-1

For non-emergency reporting call (530) 749-7777

Steven L. Durfor
